## Synergizing Strengths

### Tap into Total Team Talent

Every team member brings a unique combination of identity, strengths, and lived experience — and when teams recognize and celebrate these layers, trust and collaborative energy grow.

This interactive lab helps participants synergize their team's full range of talents to build a more connected and high-performing team. Through self-reflection, structured strengths-sharing, and targeted appreciation practices, teams deepen relationships and lay the foundation for greater performance.

When people feel seen and valued for who they are, they give their best — and thrive together.

#### What Participants Will Gain:

- **Self-Insight:** Reflect on growth points, unique abilities and meaningful contributions.
- **Team Connection:** Build trust through affirmation and shared appreciation.
- **Practical Tools:** Practices, routines, and rituals for leveraging strengths in daily work.
- **Shared Purpose:** Understand how individual strengths combine to drive collective success.
