EMPOWERMENT IN *Action*

Enhancing ERG Effectiveness for Lasting Impact

Employee Resource Groups play a vital role in creating a more inclusive and supportive work environment, fostering employee development and engagement, and driving positive organizational outcomes.

However, recent research reveals that while many companies believe their DEI aspirations are transformative, the majority do not have an effective ERG infrastructure. Like any other successful business effort, ERGs need a strong set of tools, systems, and resources to thrive.

How can ERGs level-up, even with limited assets and capacity? This insightful and interactive session will help attendees:

- Advance their understanding of ERG effectiveness
- Equip their ERGs to maximize value and impact
- Connect with one another to explore high-power ideas
- Empower their ERGs with new operational tools that can be applied immediately
